

## **Medicare Coverage Financial Policy**

Medicare covers chiropractic adjustments ONLY. These services are covered after you have your yearly deductible. Medicare will pay for adjustments as long as Medicare deems the adjustments medically necessary, which is determined by chiropractic examination and x-ray examination.

Chiropractic examinations and x-ray examinations are NOT covered by Medicare and are not applied to your deductible; therefore we ask that you pay for these services on your first visit. X-rays must be available for Medicare review.

**If you have secondary health insurance, it usually does not cover any services not approved by Medicare.** They may or may not pay for chiropractic adjustments. We do not file secondary insurance but will show you how to do so in the event Medicare does not roll it over. Normally, Medicare does the roll over itself.

We will do all we can to help you get your claims paid. Please understand we do not make the rules, but we do have to abide by them.

- ❖ **By signing this document, I am taking full responsibility for payment of services I receive at Pickens Family Chiropractic, LLC.**
- ❖ Furthermore, I agree that if I do not abide by the financial policies stated above, my account will be turned over to your collections agency with a 45% collection fee at my expense.

All information that I have provided Pickens Family Chiropractic, LLC including all information provided on my Chiropractic Intake Form as well as any additional insurance information is correct. I understand that you will retain this Chiropractic Intake Form in my file.
